# ABOUT US

Welcome to Maniranjan Group, a leading organisation that has been revolutionising industries since its establishment in 1995. With over two decades of experience, we have grown into a dynamic and diversified group with a strong presence in various sectors.

At Maniranjan, we pride ourselves on our unwavering commitment to excellence, innovation, and customer delight. Our journey began with a vision to transform industries and create a lasting impact on the lives of people. Today, we continue to uphold those values and reform modern industrial solutions in a way that amplifies the prosperity of nature.

## We are the pioneers in Energy Solutions.

Over the years, we have expanded our operations across multiple sectors, including technology, banking & finance for projects, manufacturing, healthcare, and more. This diverse portfolio allows us to leverage synergies between our subsidiaries and maximize our collective potential. Through strategic partnerships and acquisitions, we have built a robust ecosystem that fosters collaboration, knowledge sharing, and continuous improvement.

- 27+ years of experience
- Established by Mr. C.N. Deshmukh and late Mr. N.D. Thakur
- Currently employing 500+ employees
- Corporate office is strategically located in Bangalore the Technology Hub of India
- Strong presence in southern India
- Serving over 18000+ Customers

## SDG Goals

## VISION

To be a preferred partner in the customer's success

## MISSION

We thrive to create an atmosphere of trust and happiness through our solutions

## VALUES

- **Empathy:** Seek to Understand customer wants
- **Transparency:** Embodies honesty and open communication with all stakeholders
- **Adaptability:** Accustomed to social- economic changes
- **Collaboration:** Engaging teamwork across cross-functional teams
- **Creative:** Strive to evolve on new products and technologies to meet customers' requirement

# GENERATORS & ENGINES

## Authorised Cummins Dealer

- Sales & Service of Cummins Diesel Generators
- Expert in power solutions.
- Features cutting-edge technology.
- Provides genuine parts.
- Delivers unmatched customer support.
- Committed to power needs.
- Trusted source of Cummins quality standards.
- 55 touch points across Karnataka & Tamilnadu

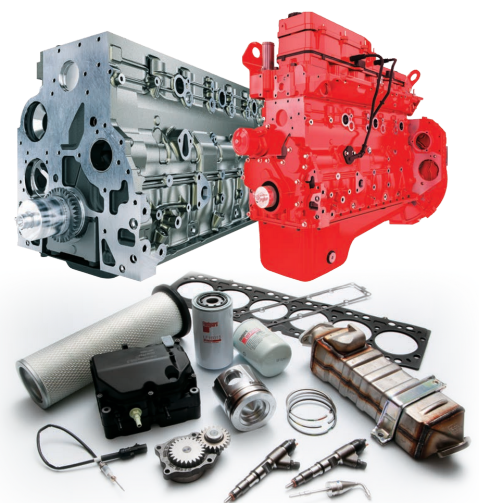

## Maniranjnan Servicing

- Tailor-made service agreements
- Pre-arranged appointments for regular testing and preventative maintenance.
- Cummins Aashwasan providing extended warranty
- Offers routine servicing and optional oil sampling.
- AMC Services

## GENUINE NEW AND RECON® PARTS

- Offers over 150,000 different Genuine New and ReCon Parts for Cummins.
- Cummins ReCon engines built to exact manufacturing specifications.
- High-quality Genuine Cummins Parts at competitive prices.
- R&D focused on engine and parts performance improvement.
- Provides assurance on product quality.

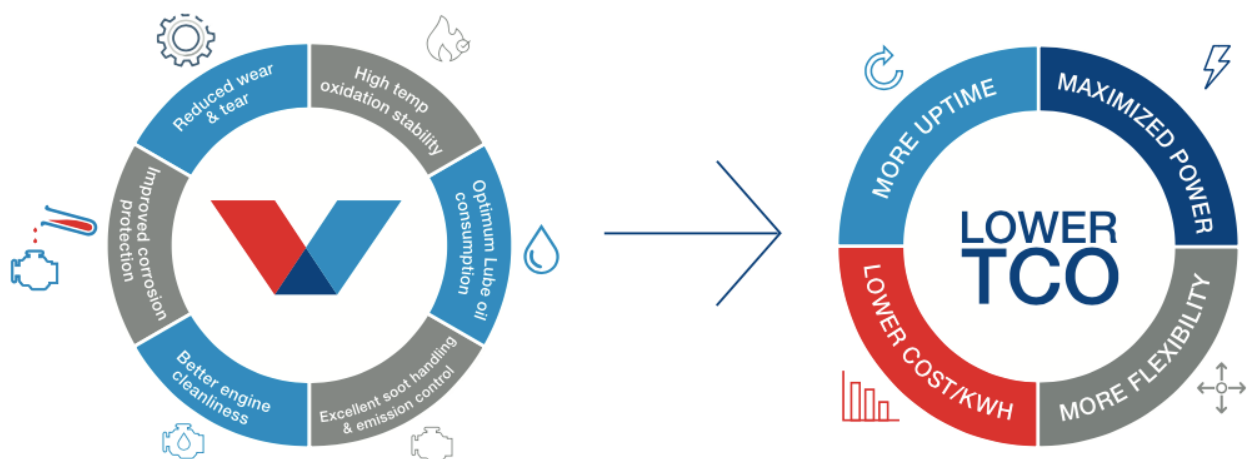

# VALVOLINE ENGINE OIL DISTRIBUTOR

As authorised dealers for Valvoline engine oil, we take great pride in offering you a product that has been trusted by millions of drivers worldwide. Valvoline Premium Blue 7800 Plus engine oil is designed to provide advanced lubricant performance in modern, low-emission diesel engines, including those with EGR, operating under a wide variety of service conditions. The advanced product technology offers a long life and extended drain capability. It strongly resists soot-induced oil thickening and keeps the oil flow perfect for lubricating over a very long period. The balanced formulation helps to maximize the engine durability.

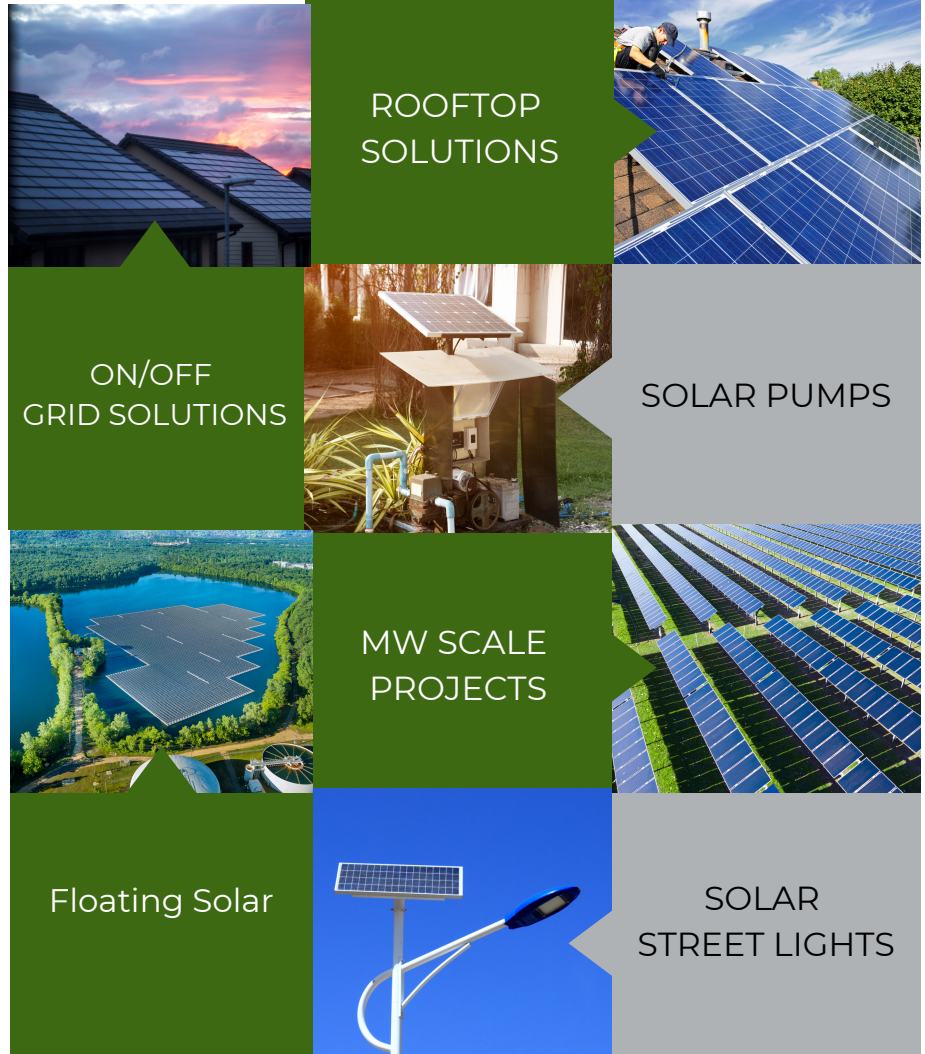

## BENEFITS

# THE EVOLUTION OF ENERGY SUPPLY. THE WORLD IS READY, AND SO ARE WE.

## SOLAR

Empowering a sustainable future with solar energy. We are a leading Solar EPC company, delivering high-quality installations for residential, commercial, and industrial clients. Our skilled team handles everything from design to maintenance, using cutting-edge technology and premium materials.

## SERVICES

DESIGN AND  
ENGINEERING

INSTALLATION

MAINTENANCE

# BATTERY ENERGY STORAGE SYSTEM (BESS)

Battery Energy Storage Systems, or BESS, are rechargeable batteries that can store energy from different sources and discharge it when needed. BESS consist of one or more batteries and can be used to balance the electric grid, provide backup power and improve grid stability.

## BENEFITS OF BESS

Range Starting  
From 5KW

Decarbonization  
Zero Carbon  
Emission

Instant Backup  
and Zero Power  
Interruption

Compact Design  
& Hybrid

Intelligent  
In House Smart  
EMS

Zero Maintenance  
and O&M Cost

# OTR TYRES

Whether you are in the agricultural, industrial or OTR industry, BKT tires are designed to help your machinery perform at its best, even on the toughest terrains. Find your perfect tire today by browsing our wide range of tires, or filter your search by industry, application or features.

## TIRES YOU CAN TRUST

## APPLICATIONS

Rigid Dump Truck

Articulated Dump Truck (ADT)

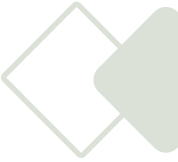

Low Profile Dump Truck (LPDT)

Underground Mining Vehicle

Scraper, Loader

Universal Vehicle

# WATER AND WASTE SOLUTIONS

- One stop solution for efficient plant management
- Over 90% of water can be recovered from effluents for reuse
- Zero discharge ensured for any liquid stream using ZLD
- Innovation-led play in niche applications
- Compact, modular and automated systems for urban sector
- Experienced and skilled O&M for maximum plant uptime

## OFFERINGS

- Water treatment
- Sewage treatment and recycling
- Effluent treatment and recycling
- Zero liquid discharge solutions
- Desalination
- Solid waste management
- End-to-end customized services

# INDUSTRIAL BOILERS

## SOLUTIONS

- **Steam boilers:** Up to 60 TPH capacity, 66 ata/bar pressure, and 490°C temperature.
- **Thermal oil heaters and vaporizers:** Up to 25 Gcal/h capacity, 380°C temperature, for indirect heating with thermal oil.
- **Hot water generators:** Up to 17 Gcal/h capacity, 200°C temperature.
- **Hot air/gas generators:** Up to 16 Mkcal/h, 600°C temperature.
- **Thermosyphon:** Up to 6 Gcal/h capacity, 302°C temperature, using water as the heating medium.
- **High-pressure boilers:** Up to 180 bar for specific process and oil & gas applications.

## VALUE PROPOSITION

- Innovative high thermal efficiency heating solutions
- Compact, requiring low installation costs
- Multi-fuel-fired heating solutions for the process industry
- Consultative application engineering to maximise energy utilisation and slash fuel cost
- Assured product quality through state-of-the-art manufacturing facilities

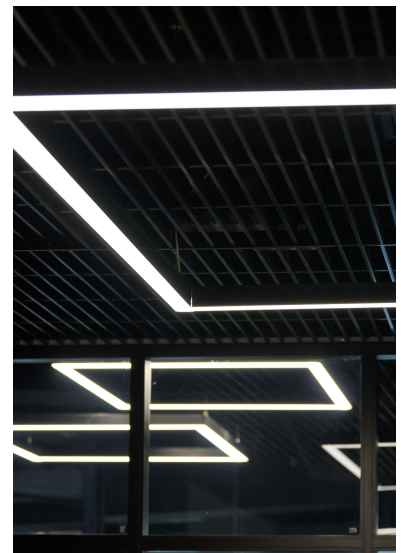

# LED SOLUTIONS

Illuminate your world with our state-of-the-art LED solutions, designed to revolutionize the way you experience lighting. With advanced technology and unparalleled energy efficiency, our LED products are at the forefront of innovation, providing superior illumination for a variety of applications. Whether you need lighting solutions for commercial, industrial, or residential settings, we have the perfect LED solution for you.

## OUR EXPERTISE

- Unparalleled energy efficiency
- Superior illumination quality
- Long-lasting durability
- Versatile applications
- Sustainable lighting solutions
- Experience the future of lighting
- Cost-effective & Fast ROI

# FACILITY MANAGEMENT

Our vision is to create a safe, productive, and healthy environment by optimizing space usage, enhancing productivity and innovation, and fostering a positive culture. Through personalized sustainability and energy management services, we aim to reduce waste and carbon footprint, while achieving asset and building goals. Our focus is on optimizing spaces to support employees' performance and delivering measurable value.

## SERVICES

- House Keeping & Hygiene
- Facade Cleaning
- Pest Control
- Landscaping
- Electrical services
- AC Services
- Fire Alarm & Fire Fighting
- Plumbing
- Security

# OUR CUSTOMERS

## IT
